

## THINK *BEFORE* YOU ACT!

Good intentions can have unexpected and harmful consequences. Before releasing any aquatic plant or animal into the wild, ask yourself the following questions. If you don't, your actions could lead to an ecological disaster!

1. \_\_\_\_\_

I pledge to:  
think before acting, seek additional information, and  
consider all options and consequences *before* I release an  
non-native aquatic organism into the wild.
